| | Total | 1 | 17 | 4 | 13 | 1 | 15 | 5 | 10 |

*No Trainings in Q1. Community Public Information Campaigns implemented in 2 Administrative Posts. During Q1, funding support was provided by the Government of Timor-Leste.

| Project Period | Training Results | | Total Participants | Participant Data Disaggregated | |
|-------------------------|-----------------------------------|---|--------------------|--------------------------------|------------|
| | | | | Female | Male |
| Year 3- ADR training | No. of Trainings | 2 | 32 (100%) | 9 (28.1%) | 23 (71.9%) |
| | Pre- & Post-Test Results | | Total | Female | Male |
| | Significant Increase in Knowledge | | 14 (44%) | 4 (44%) | 10 (43%) |
| | Small Increase in Knowledge | | 12 (38%) | 2 (22%) | 10 (43%) |
| | No Measured Change* | | 6 (19%) | 3 (33%) | 3 (13%) |

Note :

In current project year, 1 ADR Training implemented at Venilale Administrative Post, Municipality of Baucau, in Q2. In Q3, 1 ADR training was implemented in Fohorem Administrative Post, Municipality of Covalima. *Participants with No Measured Change: 3 male participant had the same Pre- & Post-test scores. 3 female participant was unable to complete the Pre- & Post-test because she is unable to read and write.

Gender Sensibility & Women's Empowerment Training

In February 2019, with support from UNDP, the Access to Justice Clinics project expanded its scope of work to increase women's access to justice by facilitating gender mainstreaming within the Access to Justice clinics and building community capacity for gender-sensitive conflict resolution. The first Gender Sensibility training was implemented in Baucau in Q2 (Feb-April) and the second training was implemented in Suai Administrative Post in Q3 of Project Year 3.

| Year 3 Gender Sensibility Training | Month | Baucau | Sex Disaggregated data | | | Covalima | Sex Disaggregated data | | |
|---|-------|--------|------------------------|--------|------|----------|------------------------|--------|------|
| | | | Total | Female | Male | | Total | Female | Male |
| | Q2 | 1 | 28 | 23 | 5 | 0 | 0 | 0 | |
| | Q3 | 0 | 0 | 0 | 0 | 1 | 15 | 8 | |
| | Total | 1 | 28 | 23 | 5 | 1 | 15 | 8 | |

| Project Period | Training Results | | Total Participants | Participant Data Disaggregated | |
